In the presidential election of 1896, the Governor, in certifying to the choice of electors, refused to include the vote of Kent County in the returns on the ground that no certificate from that county had been filed in compliance with the statute. Two certificates were returned, one signed by ten canvassers giving Bryan 2,047, McKinley 1,824, and one signed by six canvassers giving Bryan 3,157; McKinley, 3,557; Palmer, 89; Levering, 115.

In 1896 for Governor (omitting Kent County): Tunnell, Dem., 13,496; Higgins, Rep., 6,845; Hoeffcker, Union Rep., 9,255.

VOTE FOR REPRESENTATIVE IN CONGRESS, 1898.

The vote for Congressman in 1898 was: L. Irving Handy, Dem., 15,053; J. H. Hoeffcker, Rep., 17,566; L. W. Brosius, Pro., 454. Hoeffcker's plurality, 2,513.

## Banks in Manhattan and Bronx Boroughs.

THE Clearing-House is at 77 Cedar Street, Manhattan Borough. Wm. Sherer is manager, Wm. J. Gilpin, assistant manager. Sixty-five banks are associated for the purpose of exchanging the checks and bills they hold against each other. Other banks, not members of the association, clear through members. The representatives of the members appear at the Clearing-House at 10 o'clock A. M. every business day, with the checks and bills to be exchanged. The resulting balances are ascertained in about an hour, and before half-past one o'clock those indebted pay their balances, and after that hour the other banks receive the amounts due them. The Clearing-House has been in operation since 1853.

Following are extracts from the Manager's annual report for year ending September 30, 1899: The Clearing-House transactions for the year have been as follows: Exchanges, \$57,368,230,771.33; balances, \$3,085,971,370.53; total transactions, \$60,454,202,141.86. The average daily transactions: Exchanges, \$189,961,029.04; balances, \$10,218,448.24; total, \$200,179,477.28. Total transactions since organization of Clearing-House (46 years): Exchanges, \$1,231,423,418,499.23; balances, \$58,640,845,106.12; total, \$1,290,068,763,605.35.

Banks are open from 10 A. M. to 3 P. M., and on Saturdays from 10 A. M. to 12 noon. Commercial paper, except sight or demand bills, falling due on Saturday, is payable on the following business day.

## Bridges in and About the City of New York.

### BROOKLYN BRIDGE.

Commissioner, John L. Shea, 13-21 Park Row, New York; Deputies, Henry Beam, Brooklyn, and Thomas H. York, New York. Chief Engineer and Superintendent, C. C. Martin.

The bridge connecting Manhattan Borough and Brooklyn Borough over the East River from Park Row, Manhattan Boro., to Sands and Washington Streets, Brooklyn Boro., was begun January 3, 1870, and opened to traffic May 24, 1883. Total cost of the bridge to December 1, 1897, about \$21,000,000.

The tolls are: For foot passengers, free; railway fare, 3 cents, or 2 tickets for 5 cents; one horse, 3 cents; one horse and vehicle, 5 cents; two horses and vehicle, 10 cents; each extra horse above two attached to vehicle, 3 cents; bicycles, free. On July 1, 1898, the bridge railway was leased to the elevated railroad companies (now operated by the Brooklyn Rapid Transit), paying therefor \$250 per day; trolley cars, 5 cents per round trip. About 120,000 surface cars cross the bridge each month. The carriageways are under control of the Bridge Commissioner, and about \$60,000 per annum is derived from this source.

The following are the statistics of the structure: Width of bridge, 85 feet. Length of river span, 1,595 feet 6 inches. Length of each land span, 930 feet. Length of Brooklyn approach, 971 feet. Length of New York approach, 1,562 feet 6 inches. Total length of carriageway, 5,989 feet. Total length of the bridge, with extensions, 6,537 feet.

Size of Manhattan Borough caisson, 172 x 102 feet. Size of Brooklyn Borough caisson, 168 x 102 feet. Timber and iron in caisson, 5,253 cubic yards. Concrete in well holes, chambers, etc., 5,669 cubic feet. Weight of Manhattan Borough caisson, about 7,000 tons. Weight of concrete filling, about 8,000 tons.

Manhattan Borough tower contains 46,945 cubic yards masonry. Brooklyn Borough tower contains 33,214 cubic yards masonry. Depth of tower foundation below high water, Brooklyn Borough, 45 feet. Depth of tower foundation below high water, Manhattan Borough, 75 feet. Size of towers at high water line, 140 x 59 feet. Size of towers at roof course, 136 x 53 feet. Total height of towers above high water, 278 feet.

Clear height of bridge in centre of river span above high water at 90° E., 135 feet. Height of floor at towers above high water, 119 feet 3 inches.

Grade of roadway, 334 feet in 100 feet. Height of towers above roadway, 159 feet. Size of anchorage at base, 129 x 119 feet. Size of anchorage at top, 117 x 104 feet. Height of anchorages, 89 feet front, 85 feet rear. Weight of each anchor plate, 23 tons.

Number of cables, 4. Diameter of each cable, 15 1/4 inches. Length of each single wire in cables, 3,578 feet 6 inches. Ultimate strength of each cable, 12,000 tons. Weight of wire, 12 feet per pound. Each cable contains 5,296 parallel (not twisted) galvanized steel, oil-coated wires, closely wrapped to a solid cylinder, 15 1/4 inches in diameter. Permanent weight suspended from cables, 14,680 tons.

### NEW YORK AND NEW JERSEY BRIDGE.

Andrew M. Green, Chairman; Charles M. Vail, Evan Thomas, R. Somers Hayes, Isidor Straus, Commissioners; Evan Thomas, Secretary; Charles H. Swan, Assistant Secretary. Commissioners' office, 214 Broadway, Manhattan Borough. The Commissioners of the New York and New Jersey Bridge and the Sinking Fund Commissioners of the City of New York selected a location midway between 59th and 60th Streets, Manhattan Borough. The maximum length of span is 2,710 feet. Guaranteed cost of the bridge is \$17,000,000. The law provides that the bridge must be completed within ten years. The Union Bridge Company has made a contract with the companies to construct the bridge within six years from the time it commences work, and gave a bond of \$1,000,000 for the faithful performance of the contract. It is intended to begin work of construction when the freight approaches to the bridge have been approved by the Sinking Fund Commissioners of New York City.

### NEW EAST RIVER BRIDGE.

President, Lewis Nixon; Vice-President, James W. Boyle; Secretary, James D. Bell; Treasurer, J. D. Fairchild. The offices of the Commission are at 49-51 Chambers Street, Manhattan Borough. Chief Engineer's office, 84 Broadway, Brooklyn Borough. The tower foundations for the bridge in the borough of Manhattan are at the foot of Delancey Slip, and in the borough of Brooklyn at a point between South Fifth and South Sixth Streets. The bridge will end at Norfolk Street in the borough of Manhattan, and just west of Hoisting Street in the borough of Brooklyn. The dimensions of the bridge are as follows: Main span, 1,600 ft.; entire bridge, between terminals, 7,900 ft.; width of bridge, 118 ft.; minimum height of bridge above mean high water, 135 ft.; height of centre of cables at top of towers above high water, 535 ft.; width of carriage ways, each 18 ft.; width of two foot-walks, each 12 ft.; width of four trolley-car tracks, centre to centre, 10 ft.; width of two elevated railroad tracks, centre to centre 19 ft. New York side—North caisson, 54.8 ft. below low water mark; south caisson, 70 ft. Brooklyn side—North caisson, 100 ft. below low water mark; south caisson, 75 ft. The tower foundations are 25 ft. above high water mark and the towers that are to be placed on top of them will be made of steel. The estimated cost is about \$12,000,000. The structure may be completed in about seven years.

### NEW EAST RIVER BRIDGES.

On December 1, 1899, Bridge Commissioner Shea sent a letter to Mayor Van Wyck and the Board of Estimate, asking for an appropriation of \$1,000,000 to begin the construction of the two projected bridges over the East River. Both these bridges will be of the cantilever construction. That which will extend from 60th Street, over Blackwell's Island, to Long Island City, will cost, according to estimates, \$12,548,500, and the other, which will have its Manhattan terminus at Pike Slip and its Brooklyn end at Washington Street, \$15,833,600.

High Bridge, over which the Croton water of the old aqueduct passes, is 1,460 feet long, supported by 13 arches on granite piers, the highest arch being 116 feet above water level. Washington Bridge, at 10th Avenue and West 181st Street, is 2,400 feet long and 80 feet wide. The central arches are 510 feet each, and 135 feet above high water.

### Baths in Manhattan and Bronx Boroughs.

THE free public baths of the City of New York are located on the Hudson and East Rivers as follows:

*Hudson River.*

- Battery.
- Foot of Duane Street.
- " West Twentieth Street.
- " West Fifty-first Street.
- " West Eighty-second Street.
- " West One Hundred and Thirty-fourth Street.

*East River.*

- Foot of Market Street.
- " Corlears Street.
- " Fifth Street.
- " East Eighteenth Street.
- " East Twenty-fourth Street.
- " East Fifty-first Street.
- " East Ninety-first Street.
- " East One Hundred and Twelfth Street.
- " East One Hundred and Thirty-sixth Street.

Visitors to the public baths are required to furnish their own towels and bathing suits. These must be removed when the bathers leave the place. The days for bathing in the season (June 12 to September 17) are: For females, Mondays, Wednesdays, and Fridays; for men and boys, the other days of the week and half a day on Sunday. The hours for bathing are from 5 o'clock in the morning until 9 o'clock in the evening. In very warm weather the bath-houses are open all night. Policemen are in attendance to preserve order and enforce the rules.

The bath-houses will accommodate 400 persons at trips of twenty minutes each. Each bather is allowed twenty minutes in the water. In each bath-house are two tanks: for adults, 4 feet 6 inches of water; children, 2 feet 6 inches. Last year about 3,872,486 baths were taken in the public baths about one-quarter by women and girls.

## New York Chamber of Commerce.

ORGANIZED April 5, 1768. Incorporated by George III. March 13, 1770. Reincorporated by the State of New York April 13, 1784. Its object is indicated in the following words of the original charter: "Sensible that numberless inestimable benefits have accrued to mankind from commerce; that they are, in proportion to their greater or lesser application to it, more or less opulent and potent in all countries: and that the enlargement of trade will vastly increase the value of real estates as well as the general opulence of our said colony," and "to carry into execution, encourage, and promote, by just and lawful ways and means, such measures as will tend to promote and extend just and lawful commerce."

During the decade 1760-1770, according to Lord Sheffield's *Observations*, the average yearly value of American Colonial imports from Great Britain was £1,763,409, and of exports to the same country £1,044,591. Up to the evacuation of the city by the British and its occupation by the Americans, on the 25th of November, 1783, the New York Chamber of Commerce had had seven presidents, thirteen vice-presidents, eight treasurers, one secretary, and 135 members. In May, 1763, the Sandy Hook Light-house was lighted up for the first time. In 1786 the Chamber of Commerce first suggested the construction of the Erie Canal, and in 1784 petitioned the New York Legislature (which so ordered) that duties should be levied under a specific instead of an *ad valorem* tariff—a system of which the Chamber of Commerce has ever since been the constant advocate.

As a society the Chamber of Commerce consists of twelve hundred and fifty regular members. Initiatory fees have varied between the sum of ten Spanish dollars, required in 1770, and \$25, which is now demanded from every accepted candidate.

The offices and meeting rooms are at 32 Nassau Street, Manhattan Borough, New York. Officers: *President*, Morris K. Jesup; *Secretary*, George Wilson; *Treasurer*, Solon Humphreys.

## Hack and Cab Fares in Manhattan Borough.

**RATES REGULATED BY LAW.**—The city ordinance regulating the rates which may be charged customers by cabmen is as follows; distance is computed at twenty blocks to a mile north and south, and seven blocks to a mile east and west:

**SEC. 434.** The price or rates of fare to be asked or demanded by the owners or drivers of hackney coaches or cabs shall be as follows:

### Cabs.

1. For conveying one or more persons any distance, sums not exceeding the following amount: Fifty cents for the first mile or part thereof; and each additional half mile or part thereof, twenty-five cents. By distance, for "stops" of over five minutes and not exceeding fifteen minutes, twenty-five cents. For longer stops, the rate will be twenty-five cents for every fifteen minutes or fraction thereof, if more than five minutes. For a brief stop, not exceeding five minutes in a single trip, there will be no charge.

2. For the use of a cab, by the hour, with the privilege of going from place to place and stopping as often and as long as may be required, one dollar for the first hour or part thereof; and for each succeeding half-hour or part thereof, fifty cents, if agreed upon in advance, otherwise mileage rate will apply.

### Coaches.

3. For conveying one or more persons any distance, sums not exceeding the following amounts: One dollar for the first mile or part thereof; and each additional half-mile or part thereof, fifty cents. By distance, for "stops" of over five minutes and not exceeding fifteen minutes, forty cents. For longer stops, the rate will be forty cents for every fifteen minutes. For a brief stop, not exceeding five minutes in a single trip, there will be no charge.

4. For the use of a coach, by the hour, with the privilege of going from place to place and stopping as often and long as may be required, one dollar and fifty cents for the first hour or part thereof; and for each succeeding half-hour or part thereof, seventy-five cents, if agreed upon in advance.

5. No cab or coach shall be driven by the time rate at a pace less than five miles an hour.

6. Line balls, two passengers, two dollars for first mile or part thereof; one dollar for each additional mile; fifty cents for each additional passenger.

7. Every owner or driver of any hackney coach or cab shall carry on his coach or cab one piece of baggage, not to exceed fifty pounds in weight, without extra charge; but for any additional baggage he may carry he shall be entitled to extra compensation at the rate of twenty-five cents per piece.

**SEC. 436.** All disputes as to prices or distance shall be settled by the Mayor's Marshal or the police.

**SEC. 437.** In all cases where the hiring of a hackney coach or a cab is not at the time thereof speci-

fied to be by the hour, it shall be deemed to be by the mile; and for any detention, exceeding fifteen minutes, when so working by the mile, the owner or driver may demand at the rate of one dollar per hour.

**SEC. 444.** There shall be fixed in each hackney coach or cab, in such a manner as can be conveniently read by any person riding in the same, a card containing the name of the owner of said carriage, the number of his license, and the legal rates as specified in section 434 of this article printed in plain, legible characters, under a penalty of arrest, said section to be provided by the License Bureau in pamphlet or card form, and to be furnished free to the owner of such hackney coach or cab, and such card shall be fastened to the back of each cab or coach, on the inside thereof, at least two feet above the seat, or it shall be hung to or from a suitable fastening fixed in the back of each cab or coach and be plainly visible.

**SEC. 449.** Any person or persons who shall violate any or either of the provisions of above sections of this article shall be liable to a penalty of ten dollars.

Complaints for violations of the above ordinances may be made at the office of the Mayor's Marshal, Room 1, City Hall.

The following table of distances is published by the Mayor's Marshal:

**FROM SOUTH FERRY to Wall Street, one-half mile, to City Hall, one mile; to Canal Street, one and one-half miles; to Houston Street, two miles; to 4th Street, two and one-quarter miles; to 14th Street, two and three-quarter miles; to 24th Street, three and one-quarter miles; to 37th Street, four miles; to 42d Street, four and one-quarter miles; to 62d Street, five and one-quarter miles; to 82d Street, six and one-quarter miles; to 102d Street, seven and one-quarter miles; to 122d Street, eight miles.**

**EAST AND WEST, FROM BROADWAY to East River, across 14th Street, one mile; to East River, across 23d Street, one mile; to East River, across 34th Street, seven-eighths of a mile; to East River, across 42d Street, one mile; to East River, across 59th Street, one and one-quarter miles; to North River, across 14th Street, one and one-quarter miles; to North River, across 23d Street, one and one-eighth miles; to North River, across 34th Street, one and one-quarter miles; to North River, across 42d Street, one mile; to North River, across 59th Street, seven-eighths of a mile.**

## Public Porters.

**EVERY Public Porter** must wear, in a conspicuous position, a badge bearing the number of his license, and is not entitled to receive any pay for services unless such a badge is worn, and if he shall demand a greater sum for his services than accords with the rates below, he shall not be entitled to any pay for the service.

Any Public Porter may decline to carry any article, if the distance he shall be required to go shall be more than two miles.

Public Porters shall be entitled to charge and receive for the carrying or conveyance of any article, any distance within half a mile, twenty-five cents if carried by hand, and fifty cents if carried on a wheelbarrow or hand-cart: if the distance exceeds half a mile and is within a mile, one-half of the above rates in addition thereto, and in the same proportion for any greater distance.

**Mayors of the City of New York.**

BEFORE the Revolution, the Mayor was appointed by the Governor of the Province of New York; and from 1784 to 1820 he was appointed by the Appointing Board of the State of New York, of which the Governor was the chief member. From 1820 to the amendment of the Charter, in 1830, the Mayor was appointed by the Common Council.

CENTRAL PARK.

The great park of New York extends from 59th St. to 110th St., being over  $2\frac{1}{2}$  miles long, and from 5th Ave. to 8th Ave., being over half a mile wide. It covers 832 acres, of which 185 are in lakes and reservoirs and 400 in forest, wherein over half a million trees and shrubs have been planted. There are 9 miles of roads,  $\frac{5}{8}$  of bridle paths, and 28 $\frac{1}{2}$  of walks. The landscape architects of the Park were Frederick Law Olmsted and Calvert Vaux. Public park carriages can be found (except in Winter) at the entrances on 5th Ave. and 8th Ave. The fare for an extended ride through the Park is 25 cents. Work was begun on the Park in 1857. The following fanciful names have been officially applied to the several entrances to the Park: 5th Ave. and 59th St., Scholar's Gate; 6th Ave. and 59th St., Artist's Gate; 7th Ave. and 59th St., Artisan's Gate; 8th Ave. and 59th St., Merchant's Gate; 8th Ave. and 72d St., Woman's Gate; 8th Ave. and 81st St., Hunter's Gate; 8th Ave. and 85th St., Mariner's Gate; 8th Ave. and 96th St., Gate of All Saints; 8th Ave. and 100th St., Boy's Gate; 8th Ave. and 110th St., Stranger's Gate; 5th Ave. and 67th St., Student's Gate; 5th Ave. and 72d St., Children's Gate; 5th Ave. and 79th St., Miner's Gate; 5th Ave. and 90th St., Engineer's Gate; 5th Ave. and 96th St., Woodman's Gate; 5th Ave. and 102d St., Girl's Gate; 5th Ave. and 110th St., Pioneer's Gate; 6th Ave. and 110th St., Farmer's Gate; 7th Ave. and 110th St., Warrior's Gate.

FACTS ABOUT PUBLIC PARKS.

Union Square was purchased by the city in 1833 for \$116,051; Madison Square, in 1847, for \$65,952; Tompkins Square, in 1834, for \$93,358; Washington Square, in 1827, for \$77,370, and Manhattan Square, in 1839, for \$54,657. The latter is assessed as a part of Central Park. The other four are assessed at over \$16,000,000, and are easily worth \$20,000,000, while their original cost to the city was only \$553,331. Prospect Park, Brooklyn, contains 515 1-6 acres. In woodland, 110 acres; in lakes and watercourses, 77 acres; in meadows, 70 acres; in plantations, 259 1-6 acres; in drives, 9 miles; in bridle roads, 3 1-10 miles; in walks, 12 miles. Ocean Parkway is 5 1-2 miles long and 210 feet wide. Eastern Parkway is 2 1-2 miles long and 210 feet wide. London has 271 public parks, containing 17,876 acres of ground. The largest European city park is in Denmark; it contains 4,200 acres. The great forest of Northern New York covers an area of 3,538,803 acres. The Adirondack Park, or proposed reservation, includes 2,807,760 acres. The lands within the park line have been carefully classified, lot by lot, with the following result: Primeval forest, 1,575,483 acres; lumbered forest, 1,027,955; denuded, 50,050; burned, 13,430; waste, 18,526; water, 57,104; wild meadows, 495; improved, 64,717.

## Pawnbrokers' Regulations in the City of New York.

PAWNBROKERS in New York City are regulated by statute. The rate of interest fixed by law is 3 per cent a month or any fraction of a month for the first six months, and 2 per cent per month for each succeeding month upon any loan not exceeding \$100, and 2 per cent a month for the first six months and 1 per cent a month for each succeeding month on any loan exceeding \$100. Pledges cannot be sold until after they have been kept one year, and then at public auction by a licensed auctioneer, after publication of at least six days in two daily newspapers designated by the Mayor. Pawnbrokers pay a license fee of \$500 to the city and are under the direct control of the Mayor and his Marshal. Their books must be kept open to the Mayor, Criminal Courts, Magistrates, and Police.

## PROVIDENT LOAN SOCIETY, 279 FOURTH AVE., BRANCH 186 ELDRIDGE ST.

Office hours: 9 A. M. to 5 P. M.; Saturday to 6 P. M. Ticket good for one year only. Loans may be paid by instalments, in sums not less than \$1. Rate of interest: One per cent per month, or any fraction thereof. Only one-half month interest charged on all loans redeemed within two weeks after date of pledge. Condition of loan: Agreed to by the holder of the ticket in consideration of interest being charged at less than the rate allowed by law. The Provident Loan Society of New York shall not be liable for loss or damage by fire, breakage, dampness, theft, or moths; nor shall it be liable in any event for more than 25 per cent in addition to the amount loaned.

The loan may be renewed at or before maturity on payment of the full amount of interest due, accompanied by the ticket. When making payment by instalment, the full amount of interest due on the sum loaned must be included, and the ticket must be returned. The interest due on the loan cannot be paid by instalment. The Society has thus far limited the classes of personal property on which it has made loans to clothing and so-called "jewelry," including under that designation all articles of gold or silver, precious stones, opera-glasses, eye-glasses, etc.

# 518 Civil Service Rules in the City of New York.

**SYNOPSIS of regulations governing the admission of persons into the civil service of the City of New York.** Information may also be had by applying to the Secretary of Civil Service Commission, Criminal Court Building, New York City.

Under the White Civil Service Law, Chapter 370, Laws of 1899, April 19, the rules apply to all positions in the service of the City of New York except officers elected by the people, all legislative officers and employes, heads of any department, or superintendents, principals, or teachers in public school, academy or college. This requires examinations, wherever practicable, to ascertain the fitness of applicants for appointment to the civil service of said city. The Constitution requires that these examinations shall be competitive, "so far as practicable."

## APPLICATIONS.

Applications of competitors for positions included in Schedules B, C, D, E, and F must be addressed to the Secretary of the Municipal Civil Service Commission, New York City, and for all positions except firemen and park policemen must be accompanied with the following papers:

First—The affidavit of the applicant, showing that he is not less than eighteen years of age and a citizen of the United States, giving his place of residence, with the street and number thereof if any; the place, nature and extent of his education, and of his business training and experience, and stating whether he has ever been in the civil service of the City of New York, or in the military or naval service of the United States, and if so, when and where.

Second—A statement whether such application is limited to any particular office or offices in the service.

Third—The certificate of four reputable persons of the City of New York, that they have been personally acquainted with the applicant for at least one year, and believe him to be of good moral character, of temperate and industrious habits, and in all respects fit for the service he wishes to enter, and that each of them is willing that such certificate should be published for public information and will upon request give such further information concerning the applicant as he may possess.

The requirements as to citizenship and certificates of character, in case of persons applying for positions under Schedules E and F and the requirements as to citizenship in case of persons applying for positions under Schedule D, may be modified or dispensed with in the discretion of the Civil Service Commission. All applications for examination shall be filed in the office of the Secretary, and all application and other blanks shall be kept at his office, and shall be procurable there only.

Applicants for the following positions must, before being admitted to examination, present satisfactory evidence as to the following facts:

First—If the position to be filled be that of physician, surgeon, medical officer, inspector of vaccination, or sanitary inspector, that the applicant is duly authorized by the laws of the State of New York to practise medicine and surgery.

Second—If the position to be filled be that of chemist or analyzer, that the applicant has received the degree of Bachelor of Sciences, or its equivalent, from some institution duly authorized by law to confer such degree.

In positions where the duties are professional, technical, or expert, the candidates will be required to show what preliminary training or technical education they have undergone to qualify them for such situations before they can be admitted to examination.

In all examinations for professional positions, or positions requiring technical knowledge, no person shall be placed on the eligible list who obtains a rating in technical knowledge of less than 70.

Applications for positions included in Schedule G must be addressed to the "Labor Clerk, etc." For the boroughs of Manhattan, Bronx, and Richmond address "New York."

For the boroughs of Brooklyn and Queens address "Brooklyn."

## CONDUCT OF EXAMINATIONS.

Applicants shall be admitted to examination upon the production of the official notification to appear for that purpose. Each applicant shall receive a number, which shall be indorsed upon his notification when produced, and the notifications so indorsed shall be sealed in an envelope. Each applicant shall sign his examination papers with his number, omitting his name, and the envelope shall not be opened until all the examination papers have been received and the markings and gradings made.

All papers upon which examinations are to be written shall be furnished to the applicants by the examining board and shall bear some suitable official indorsement, stamp, or mark, for the purpose of identifying the same.

All examinations shall be in writing, except such as refer to expertness or physical qualities, and except as herein otherwise provided.

The sheets of questions shall be numbered and shall be given out in the order of their numbers, each, after the first, being given only when the competitor has returned to the examiners the last sheet given to him. In general, no examination shall extend beyond five hours without intermission; and no questions given out at any session, to any candidate, shall be allowed to be answered at another session. Each applicant must complete his examination on the obligatory subjects before taking up any of the optional subjects.

Examiners of persons named for promotion shall personally question them concerning their office work and its purposes, in order to ascertain if they have a general and intelligent knowledge of the business in the department in which they are employed, and may require the persons examined to give a written description of the work done by them and its relation to the duties of others.

Each examiner shall exercise all due diligence to secure fairness and prevent all collusion and fraud in the examinations.

The time allowed for completing the examination shall be announced before the first paper is given out. For the obligatory subjects the examination shall be confined to a single day.

The following municipal departments and offices come under the jurisdiction of the Civil Service rules:

## Regents' Examinations in 1900.

REGENTS' examinations under the control of the University of the State of New York (office, Albany, N. Y.) will be held in 1900 at the following times and places: January 22-26 inclusive, at New York, and about 550 academies and high schools; 61 subjects, March 28-30 inclusive, at New York, and about 695 academies and high schools; 25 subjects. June 11-15 inclusive, at New York, and about 375 academies and high schools; all (79) subjects. Sept. 25-27 inclusive, at New York, Albany, Syracuse, Buffalo; 29 subjects. Sept. examinations are for professional and technical students only. Morning session begins 9.15 A. M. Afternoon session begins 1.15 P. M.

UNIVERSITY CREDENTIALS, PASSARD—Any study. Preliminary (pre-graduate) certificate—Reading, writing, spelling, elementary English, arithmetic, geography. MEDICAL STUDENT CERTIFICATE—For matriculates prior to May 9, 1893, for any 29 counts, allowing 10 for the preliminaries, not including reading and writing; for matriculates prior to May 13, 1895, for arithmetic, elementary English, geography, spelling, United States history, English composition, and physics, or any 50 counts, allowing 14 for the preliminaries; for matriculates prior to January 1, 1896, for any 12 academic counts; for matriculates prior to January 1, 1897, for any 24 academic counts. But all matriculates after January 1, 1897, must secure 48 academic counts.

LAW STUDENT CERTIFICATE—Advanced English, English composition, first year Latin, arithmetic, algebra, geometry, English history, United States history, civics, economics, or any 36 academic counts. The foregoing rule took effect January 1, 1895. All students who had begun their law course or clerkship before January 1, 1895, as shown by the law school or Court of Appeal records, may secure a certificate under the 1892 requirements, viz.: English composition, first year Latin, arithmetic, geometry, English and United States history, and civics, or any 30 counts including preliminaries.

DENTAL STUDENT CERTIFICATE—Any 36 academic counts or their equivalents (for matriculates before January 1, 1901).

VETERINARY STUDENT CERTIFICATE—Any 24 academic counts or their equivalents (for matriculates before January 1, 1901).

ACADEMIC CERTIFICATES—All preliminaries and any 24, 36, 48, 60, etc., counts, if one-sixth of the first 24, 36, and 48 counts are in English. First Year Certificate—No certificate is issued for 12 counts unless it includes the preliminaries and first year English (or English composition and 2 other English counts), United States history, and drawing, and either 4 counts in mathematics or physiology and hygiene and 2 optional counts. The first year in any foreign language may be substituted for first year English in the first year certificate.

There is no limit of time, but all credentials issued by the University are good till cancelled for cause. Studies necessary to obtain any credential may be passed at different examinations. Seventy-five per cent of correct answers is required in all subjects. Answer papers will be reviewed in the regents' office, and all papers below standard will be returned to the candidates. For those accepted passcards will be issued.

Candidates not attending schools in which regents' examinations are held should send notice at least 10 days in advance, stating at what time and in what studies they wish to be examined, that required desk room may be provided at the most convenient place. Candidates who fail to send this advance notice can be admitted only so far as there are unoccupied seats.

Professional Certificates Without Examinations—Candidates having credentials which can be accepted in place of examinations should send them to the examination department.

## MEDICAL EXAMINATIONS.

The regents shall admit to any examination any candidate who pays a fee of \$25 and submits satisfactory evidence, verified by oath, if required, that he—1. Is more than twenty-one years of age; 2. Is of good moral character; 3. Has the general education required preliminary to receiving the degree of bachelor or doctor of medicine in this State; 4. Has studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of at least six months each in four different calendar years in a medical college registered as maintaining at the time a satisfactory standard. This requirement took effect January 1, 1898, and does not apply to students matriculated before that date who receive their degree before January 1, 1902; 5. Evidence that applicant has received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full rights to practise medicine in some foreign country (original credentials).

Examinations for license to practise medicine in this State will be held as follows: January 23-26, May 22-25, June 19-22, September 25-28, at New York, Albany, Syracuse, and Buffalo. (Each candidate is notified as to exact place.)

## DENTAL EXAMINATIONS.

The regents shall admit to examination any candidate who pays a fee of \$25 and submits satisfactory evidence, verified by oath, if required, that he—1. Is more than twenty-one years of age; 2. Is of good moral character; 3. Has the general education required in all cases after August 1, 1895, preliminary to receiving the degree of bachelor or doctor of medicine in this State. Matriculates in a registered dental school before January 1, 1896, are exempt from the preliminary education requirement for degrees and for admission to the licensing examinations; 4. Has satisfactorily completed a course of not less than three years in an institution registered by the regents as maintaining proper dental standards; 5. Evidence that applicant has received either a dental degree after graduation in course from some registered dental school, or after graduation in course from a registered medical school with an M. D. degree has studied dentistry at least one year in a registered dental school, or a diploma or license conferring full right to practise dentistry in some foreign country, and granted by some registered authority (original credentials).

Dates of dental examinations: January 23-26, May 22-25, June 19-22, and September 25-28, at New York, Albany, Syracuse, and Buffalo. (Each candidate is notified as to exact place.)

## VETERINARY EXAMINATIONS.

The regents shall admit to examination any candidate who pays a fee of \$10 and submits satisfactory evidence, verified by oath, if required, that he—1. Is more than twenty-one years of age; 2. Is of good moral character; 3. Has the general education required in all cases after July 1, 1897, preliminary to receiving a degree in veterinary medicine. Matriculates in a registered veterinary medical school prior to January 1, 1896, are exempt from the preliminary education requirement; 4. Has studied veterinary medicine not less than three full years, including three satisfactory courses, in three different academic years, in a veterinary medical school registered as maintaining at the time a satisfactory standard; 5. Has received a degree as veterinarian from some registered veterinary medical school.

Dates of examinations: January 23-26, May 22-25, June 19-22, September 25-28, at New York, Albany, Syracuse, and Buffalo.

## CERTIFIED PUBLIC ACCOUNTANTS.

1. The full C. P. A. certificate is to be granted only to those at least twenty-five years of age who have had three years' satisfactory experience in the study or practice of accounting, one of which shall have been in the office of an expert public accountant. 2. Candidates having the required preliminary education and passing the required examinations, but lacking the age or the three years' experience required for the full C. P. A. certificate, may be certified as junior accountants under the same conditions as to residence and character. 3. Two examinations, in January and in June, are held annually. There are to be four sessions as follows: 1. Theory of accounts; 2. Practical accounting; 3. Auditing; 4. Commercial law. 4. Candidates must complete all subjects at a single examination as required in medicine. 5. Candidates for either the C. P. A. or the junior accountant certificate must be more than twenty-one years of age, and of good moral character. They must pay a fee of \$25, and must have the regents' academic diploma or its equivalent as prescribed for other professional examinations. Dates of examinations, January 23-24 and June 12-13.

## Law Examinations in 1900.

To entitle an applicant to an examination as an attorney and counselor he shall pay to the examiners a fee of \$15, and he must prove (15 days in advance) to the satisfaction of the State Board of Law Examiners: 1. That he is a citizen of the United States, twenty-one years of age, and a resident of the State, and that he has not been examined for admission to practice and been refused admission and license within three months immediately preceding, which proof must be made by his own affidavit. 2. That he has studied law in the manner and according to the conditions prescribed for a period of three years, except that if the applicant is a graduate of any college or university his period of study may be two years instead of three; and except also that persons who have been admitted as attorneys in the highest court of original jurisdiction of another State or country, and have remained therein as practicing attorneys for at least one year, may be admitted to such examination after a period of law study of one year within this State. 3. That the applicant has passed the regents' examination or its equivalent must be proved by the production of a certified copy of the regents' certificate filed in the office of the Clerk of the Court of Appeals. The examinations of all persons applying to be admitted to practice as attorneys and counselors in the Courts of Record of the State of New York will be held at 9 A. M. as follows:

1st Dept.—In Manhattan Boro, at Court-House of Appellate Division, 111 Fifth Ave., Jan. 20 and June 16. 2d Dept.—In Brooklyn Boro, at Court-House, Jan. 20 and June 16. 3d Dept.—In Albany, at Court-House, City Hall, Jan. 17 and June 19. 4th Dept.—In Rochester, at Court-House, Jan. 17 and June 19. ## Present Population of the United States.

(JANUARY 1, 1900.)

### ACCORDING TO ESTIMATES MADE FOR THE WORLD ALMANAC BY THE GOVERNORS OF THE STATES AND TERRITORIES.

THE Governors were requested to make estimates of the present population of their respective States and Territories for THE WORLD ALMANAC for 1900. With a few exceptions all the States were heard from when this edition was ready for the press. Where the executives failed to respond in time the estimates were made by other State officials, as indicated in the table, or their estimates made at the beginning of 1899 for this publication are used.

## Lawn Tennis Records.

THE NATIONAL CHAMPIONSHIPS, 1899.

THE National Championship Lawn Tennis Tournament was held according to custom at the Newport (R. I.) Casino from August 15 to 23.

Malcolm D. Whitman successfully defended the title of national champion which he won in 1898. He also established an enviable record by passing through the entire season without a defeat.

The championship doubles were played in two sections, Eastern and Western, the winners meeting at Newport to decide the national championship. D. F. Davis and H. Ward won the Eastern section at Longwood during the week of July 24, easily winning from C. R. Budlong and Beales C. Wright, 6-4, 6-2, 6-2. The Western section of the tournament was played at the Kenwood Country Club, Chicago, July 5 and succeeding days, where there was the unusually large entry list of sixty-seven players. H. H. Hackett and J. A. Allen defeated L. H. Wardner and W. L. Myers, 6-2, 6-3, 6-2 in the finals.

The winners of the East, D. F. Davis and H. Ward, and the winners of the West, H. H. Hackett and J. A. Allen, met at Newport. The Eastern pair won in a well-played match, 3-6, 6-3, 6-3, 6-1, and as L. E. Ware and G. P. Sheldon, Jr., champions of 1898, were unable to defend their title, Davis and Ward became champions for 1899 by default.

The Women's National Championships were held at Philadelphia during the week of June 21. Miss Marion Jones, of San Francisco, won the single championship by default from Miss Juliette Atkinson, after defeating Miss Banks in the final round, 6-1, 6-1, 7-5. Miss Jones easily outclassed the other competitors, passing through the various rounds without losing a single set. Miss Craven and Miss McMaster won the championship in doubles over Miss Rastall and Miss Banks, 6-1, 6-1, 7-5. Miss Rastall and Mr. A. L. Hoskins, of the Belmont Cricket Club, won the championship in mixed doubles by defeating Miss Craven and Mr. Gardner, 6-4, 6-0, default.

# Every Book-keeper and Business Man

SHOULD POSSESS A COPY OF

## Goodwin's Improved Book-keeping and Business Manual

**BECAUSE,** whoever admires and profits by good, solid, crisp, valuable common sense cannot fail to derive benefit from and appreciate the contents of this GREAT WORK.

**USEFUL.** In short, anything which we make use of is valuable to us. We derive benefit from it or we would not use it. This book is absolutely the only one of the kind that is made use of on the desk of the proprietors of the largest mercantile institutions of the world; it is the only work of the kind that is universally used by expert accountants as a book of reference; it is the only work of the kind which is recognized as the standard authority among book-keepers as a guide over knotty book-keeping problems; it is the only work from which any person of ordinary intelligence can obtain a thorough knowledge of Double Entry Book-keeping without the aid of a teacher in two to six weeks' time, and is positively the only work that represents book-keeping exactly as it is practised in the leading business houses of the country.

**USEFUL.**

**"A 1 Houses"**  
of New York City should know something about good book-keeping; and good book-keepers, everywhere, should know something about how books are kept in **"A 1 Houses."**

There is no easier or cheaper way to get this information than to secure a copy of **Goodwin's Improved Book-keeping and Business Manual**. It isn't some "smart teacher's" idea of how books OUGHT TO BE KEPT, but it is a business man's description (fully illustrated) of how books ARE KEPT, and that, too, in the greatest commercial centre of America! For instance, in the department of the book devoted to "A 1 Houses," the author selected nineteen of the leading wholesale and retail establishments of New York City, and secured special permission to illustrate in detail the various methods of keeping and checking accounts. Here are a few of the titles of the subjects treated in this one department:

Department Sales, Entry and Bill Clerks, Salesmen, Entering Department, Shipping Cards, Transfer Journal, Salesman's Commission Book, Individual Cash Book, Purchase Journal, Abstract-sheet Method, Sales-checks, Summary-checks, Cashier's Coupon, Parker's Coupon, Charge Department, Credit Department, C. O. D. Sales, M. O. D. Sales, Clerk's Sales-book, Clerk's Abstract Book, Department Sales-book, Department Ledger, Proving Sales-checks, the Register-sheet Method, the Register Book Method, Retail Sales-ledger, Proof-ledger.

The explanations are very complete. Any book-keeper who hopes to obtain a situation in a large wholesale or retail house, or any person who is in any way connected with such a house, will find this department of inestimable value to him. Other departments are equally good. The man who knows nothing about the subject can learn from this book better than from any other, for the reason that he will begin at once to learn how REAL books are kept in REAL mercantile and REAL manufacturing establishments. This work contains a complete course in BOOK-KEEPING. It begins at the very beginning, and ends when there is nothing left to explain or describe.

Here are the Titles of a Few of the Departments:

1—Saving of Labor. 2—Stock Companies. 3—Short Calculation. 4—Travelling Expenses. 5—Averaging Accounts. 6—Commission Business. 7—Examples for Practice. 8—Comparative Statement. 9—Manufacturing Business. 10—Hints for Business Men. 11—Advanced Double Entry. 12—Partnership Settlements. 13—Complete Course for Beginners. 14—Perpetual Proof of Ledger Accounts. 15—Shortest Interest Rule in Existence. 16—Detection of Errors in Trial Balances. 17—Directions for Opening and Closing Books.

This book is beautifully printed in colors and richly bound. Some idea of its immense success can be gathered from the fact that up to Wednesday, November 1, 1899, there have been sold 55,454 copies of this work. The Nineteenth Edition, published April, 1899, NOW READY.

PRICE—THREE DOLLARS.

"MEET ME AT THE EIFFEL TOWER."

# THE PARIS EXPOSITION

"MEET ME AT THE EIFFEL TOWER."

Is Graphically Described on Pages 282 to 285 of this number of THE WORLD ALMANAC. After reading of this event, you will naturally decide to visit it.

THERE'S WHERE WE CAN ASSIST YOU.

FOR LESS MONEY THAN YOU WOULD OTHERWISE HAVE TO PAY

We will reserve your steamship, railway, and hotel accommodations IN ADVANCE. (Ever been told that "the last berth is sold," or that "le hotel est complet, M'sieur"?) We will arrange your carriage rides, furnish your tickets for the Exposition, pay your fares and hotel bills, tip your waiters and porters, talk in French for you (provided you don't use "cuss" words, as our vocabulary is limited), and, in fact, we will act as your Advance Agent from New York to New York. and

YOU WILL KNOW WHAT IT COSTS BEFORE YOU START.

There's a lot of satisfaction in that, isn't there?

A CENT WELL SPENT.

## New American.

A combined Harrow and Cultivator that is changeable into Grain Seeder, Grass Seeder, Planter, Fertilizer, Stalk Cutter, or Bean Harvester.

But it costs no more than an ordinary one-capacity machine.

You've heard of the New American. We'd like to tell you more about it.

## New American Manure Spreader.

- 1st. It fits any wagon gear.
- 2d. It is self-feeding.
- 3d. It spreads thick or thin.
- 4th. It's the largest spreader made.
- 5th. It is lighter draught than the smallest.
- 6th. It is sold with or without wagon gear.

## Bicycles.

Into a Bicycle go 6 to 8 separate items of cost.

Three of the biggest items we cut out entirely—and we alone.

What we can give you the benefit of is way-up quality and way-down price.

Shall we do it? You're the doctor.

## Detroit Truck Scale.

A hand truck and a scale in one—a union of two wonderfully handy machines. A lever throws scale in or out of gear; when out there's no strain. Price does not exceed a common scale. Capacity, 800 pounds. Wherever a truck will go it will go, and just as easily.

You are welcome to our new catalogue and set of novelty booklets.

# SIMPLICITY STUDENT LAMP.

Patented July 18, 1899. Other patents pending.

A One-Hundred Candle Power Light for  
SIX HOURS' service, ONE CENT.

These Lamps have been approved by the  
National Board of Underwriters.

THE illuminant is gasoline stored in compartments in the lighting fixtures, and on passing through a heating chamber reaches the orifice in the form of gas which burns with a smokeless flame under a mantle heated to incandescence. The principle has been applied to a student lamp for stand use, an illustration of which appears herewith. The construction is such as to give a brilliant light with a very small consumption of gasoline, and at a low cost for lighting as compared with other methods. The light is not affected by temperature, and will burn equally well in Summer or Winter. The lamp uses 74° stove gasoline. There is no odor like the old gasoline stove. # WHY DRUGS For Nervous Debility?

COPYRIGHTED

“If electricity might be given in pill form its use would increase a thousand-fold.” When many years ago the good famous Dr. Rockwell delivered himself of the foregoing, he little thought that the year 1900 would find such a stampede in favor of Galvanic Electricity as a curative. All doctors now use it. I have employed it for thirty years and give it in the only practical form. I am the inventor of the famous

DR. SANDEN

## HERCULEX,

the great home self-treatment by Electricity. You place my Herculex appliance around your waist, as you would an ordinary belt,

and wear it all night. It generates a great volume with small intensity. It pours life, strength, and vigor into your system while you sleep. It cures General Debility, Nervousness, Lame Back, etc. It is an improvement over my famous Dr. Sanden Electric Belt, which for twenty-five years was the standard.

### FREE CONSULTATION.

If you live nearby, I should be pleased to have you drop in at my office, when you can see the appliance and test current.

I can then go over your symptoms and advise with you as to the possibilities in your case.

### FREE BOOK BY MAIL.

If you live at a distance, write for my little book, “Health in Nature,” which explains all about the Dr. Sanden Herculex. I answer letters personally, advising and diagnosing accurately by mail. Either write or call to-day.

Office Hours—9 A. M. to 9 P. M. Weekdays; 9 A. M. to 12 M. Sunday.

# RHEUMATISM, LAME BACK CURED WITHOUT DRUGS.

The Dr. Sanden Herculex Appliance cures without the use of drugs. It is a home self-application of the proper galvanic current. Every one knows to-day that galvanic electricity is the only reliable treatment for Rheumatism, Lame Back, Sciatica, etc.

We all know or should know why. It is simply because galvanic electricity is the natural electricity. We find it in everything animate or inanimate. We find it everywhere. When the air has for some reason been depleted of it, notably before the approach of a storm, people do not feel so well, and those with rheumatic tendencies "have aches and pains."

## THE DR. SANDEN HERCULEX

gives you this galvanic current in a convenient form. You place it comfortably around the waist, like an ordinary belt, just before retiring to bed. Use it all night. You will feel relieved of pain in the morning, but it must be worn at least 60 to 90 days for permanent results. The electrodes may be applied anywhere, carrying current to all parts of the body.

The Dr. Sanden Herculex is an improvement over the Dr. Sanden Electric Belt, which was for 25 years a standard treatment.

Write to-day for little descriptive book "Health in Nature," sent free by mail, or drop in at my offices for free consultation.

## THE ANCHOR ELECTRIC BELT.

AGENTS WANTED BOTH SEXES.

GOODS SENT TO RELIABLE PERSONS TO BE PAID FOR AFTER SELLING. W. H. Palmer, Glasgow, Ct., has sold 1,000 belts, and as high as 20 in a day. With the Anchor Belt the power of the batteries is fully demonstrated; they will

turn a needle through a plate, table, or your hand, which is an Agent's Great but Silent Salesman. Wear the batteries and the electricity passes all through your system. No one who cannot wear them. Cures Rheumatism, Liver and Kidney Disease, Weak and Lame Back, Nervousness, Weakness, Poor Blood, Chills, Nervous Prostration, Hysteria, Trembling, Pains in the Side and Back, Apoplexy, St. Vitus' Dance, Palpitation, Nervous and Sick Headache, Dyspepsia, Indigestion, Loss of Appetite, Neuralgia, Nervous Debility, Female Complaints, Piles, Constipation, Catarrh, Paralysis, Dumb Ague, Sleeplessness, Sciatica, Epileptic Fits, Numbness, Skin Disease, Prevents Cold Feet and taking cold, as you would not take cold if your blood was circulating properly as strongly as it should. Wearing the batteries on our belt gives a comfortable glow of warmth all over the body, which shows that it is acting on the circulation. All of these troubles and some others come from impure blood, which causes a sluggish circulation. Electricity gives the blood its proper circulation and the liver a healthy action, makes it perform all its functions properly, which are to separate the pure from the impure, and throw all the impurities into the Bowels, where they operate as Nature's Physic, giving healthy action and preventing all constipation, while the blood passing on in circulation remains pure. For advertising purposes we will give ONE BELT FREE OF ANY COST to one person in each locality. Address E. J. SMEAD & CO., Department No. 402 Vine-land, New Jersey.

### A Lady Tells How She Supports Herself and Family.

"I often read of ladies who work hard trying to earn enough to keep body and soul together, and for their benefit I will relate how easily one can get along in the world if they only know how. There is a big firm in Pittsburgh that manufactures flavoring powders. I had tried them myself and knew they were splendid, so sent for samples and tried selling them. I found it so pleasant and easy that I have kept right at it, and never make less than \$3 a day and often clear more than \$5. The powders go twice as far as the liquid extracts sold in stores and are much stronger. I sell from one to eight different flavors in each house. They are used for ice cream, custards, cakes, candies, etc., and are so delicate and give such a rich flavor that everywhere I go I gain a permanent customer. Those of your readers who would like to make money can get full particulars by writing to W. H. Baird & Co., 328 Telephone Bldg., Pittsburgh, Pa., and they will give you a good start. I support myself and family nicely, and we have a good many comforts we never had before." Mrs. L.

# DON'T BE A ROBBER!

Husband the fertility of your farm  
and every time you plant seed  
you will get a paying crop.

Strange how a man will take crop after crop off the farm, putting nothing back, and then expect to be prosperous. If you handled the manure you have on the farm properly, results would be different and you should not need to be buying commercial fertilizer.

## The KEMP MANURE SPREADER

*Will Double and Treble the Value of the Manure Heap.*

It spreads all kinds of fine and coarse manure evenly; makes no "skips;" does not dump a great load in one spot, but covers the entire ground evenly. Tears up coarse and lumpy manure and makes it fine. Better than anybody can do it by hand. Spreads lime, wood ashes, salt, etc., equally well. With the drill attachment it puts the manure direct into the open drill. Made in three convenient sizes. Ask the opinion of anybody that uses one. Write for illustrated catalogue.

# You Need a Shot Gun Cleaner.

BECAUSE you should clean your barrels inside not only after shooting, but now and then when not in use, as they "pit" from just this neglect.

BECAUSE those streaks of lead and rust must be removed if you don't want trouble and expense of sending barrels to the factory for costly repairs. A close examination will often reveal lead streaks, also rust.

## You Should Get a TOMLINSON.

BECAUSE the Tomlinson has a simple, common-sense principle, using brass wire gauze (wrapped over wood) sides which are hard enough to cut all foreign substance from the barrels, yet too soft (brass) to injure them in any way.

BECAUSE the Tomlinson will last FOREVER, as sides can be replaced when worn (they will clean a gun a great many times) for 10 cents per pair. Tomlinson incloses an extra pair of sides, also tool for rag with each cleaner. Fits all rods. Gauges 8 to 20. Price, \$1.00. Any dealer, or prepaid by mail. Send postal for booklet telling more about the Tomlinson; also what such experts as Fred. Gilbert, Chas. Budd, Ed. Fulford, and others have to say about the best, cheapest, and most popular cleaner on the market.

# Burpee's Seeds.

---

## Burpee's Seeds Grow;

Because they are thoroughly tested for vitality, genuineness, and quality of strain.

Because they are subjected to nature's laws upon which the planter must rely, and not to artificial methods beyond his reach.

Because Fordhook Farms at Doylestown, Pennsylvania, are the completest trial grounds in America, and the trial system in practice there is to show actualities, not theories.

Because twenty-four years of intelligent study and labor, experiment and experience have crystallized into positive knowledge which goes to the planter with every package of Burpee's seeds.

## Burpee's Seeds are the Best that Grow!

Because they are so thoroughly and naturally tested; are fresh, clean, and carefully handled; are of superior and definitely ascertained quality and produce true from the seed.

Burpee's Seeds have come to be a household word throughout the land, and good seeds properly planted are like kind words fitly spoken. In both instances the results are manifold and gratifying.
